165TH INGHAM COUNTY FAIR

JULY 29 - AUGUST 3, 2019

Ticket Information Daily Event Schedules
Grandstand Events 4-H/FFA Show Schedules

Presented by...

Building dreams for over 80 years. What's your dream?

From adopting a pet to getting a new car to saving for your child's education — whatever your dreams, we're here to help.

We're also proud to be a part of greater Lansing, donating our time and resources through planting trees, food bank drives, hosting high school art exhibits, and much more.

Experience the MSUFCU difference. Open your account today.

Tips to Stay Healthy at the Ingham County Fair & All Year Long

1. Wash your hands.

Regularly washing your hands with soap and water is one of the simplest and most effective things you can do to avoid illness. It's especially important to wash your hands after visiting with animals at the fair. Hand sanitizer can help eliminate germs, but it's not a substitute for proper hand washing.

2. Exercise.

Regular physical activity can improve health and lower your risk for disease. Even a ten minute walk can be beneficial. It all adds up.

3. Manage stress.

Find healthy ways to manage your stress. You can beat stress by spending time with family or friends,

engaging in hobbies or exercising. Avoid using tobacco or alcohol to relieve your stress.

4. Choose healthy foods.

It's ok to enjoy a treat occasionally, but make sure you are eating plenty of healthy foods like fruits and vegetables and that you stay hydrated. Water is best for adults and most children.

5. Vaccinate.

Vaccines are one of the best ways to protect children and adults from many infectious diseases. Recommended vaccines for children are detailed below. Are you missing vaccines for school? Visit the health department during the Back to School Health Fair, August 13-17, 2018 and get caught up.

2018 Recommended Immunizations for Children from Birth Through 6 Years Old

Is your family growing? To protect your new baby and yourself against whooping cough, get a Tdap vaccine. The recommended time is the 27th through 36th week of pregnancy. Talk to your doctor for more details.
